DOMAIN 6
DIGITIZING YOUR BUSINESS

PROACTIVE TECHNOLOGY SERVICES

A team of IT Experts ready to tackle the business application needs of your team

About Us

Domain 6 Inc. is a Gold-Certified Microsoft partner whose primary purpose is to help leaders in manufacturing, real estate, construction and professional services firms quickly enable their organizations with the right technology solutions.

Set your technology for success

Get an Extensive Service

Our service includes a wide range of activities performed on a weekly basis that give you a detailed and comprehensive understanding of your systems' health.

Reduce Total Cost of Ownership

With our technology experts, you are getting a premium resource at a fraction of the cost for help with the labor intensive tasks.

Why Choose Us?

Combining over 100+ years of technology experience, our team of industry experts helps us excel at innovation and service excellence. Proactively manage your business solutions for as low as $3K per month, enabling you to get the highest ROI for your business applications.

Constant Monitoring

The service offers 24x7 systems monitoring to reduce the risk of downtime. With constant reports and alerts your IT team will focus on high impact activities.

Focus on Strategic Objectives

Get your team to focus on the business goals set with your digital transformation programs.
